## THE GHAN

This transcontinental adventure offers an exceptional view of Australia - over three unforgettable days. A journey on The Ghan is an incomparable way to travel to the two jewels of Australia's Northern Territory - the Red Centre and the tropical Top End. No journey aboard The Ghan is complete without taking in both of these must-see destinations.

The Ghan's timetable makes the most of the daylight hours to offer unsurpassed views of the passing landscape. Starting from the mellow landscape of the Top End with subtropical flora staking its claim over the passing scenery, off train tours in the northern town of Katherine offer you the opportunity to experience the inspiring wonders of Nitmiluk (Katherine Gorge).

Each new day begins with a fresh panorama of this changing landscape. Red earth and cobalt blue skies - the essence of Central Australia takes on a character of its own with every passing hour. Leave the train in Alice Springs to view locations close to Australia's heart, take an off train tour or stay for a few days and take advantage of the great range of opportunities for discovering the region's most fascinating sites.

Located only a short distance from the marvellous wonders of Uluru and Kings Canyon, extend out your Red Centre journey and explore these two iconic landmarks of Central Australia, before boarding The Ghan again in Alice Springs.

The final leg of your rail journey takes you through South Australia; the majestic Flinders Ranges and the sweeping Adelaide Plains unfold before your eyes before you conclude your adventure in Adelaide.

Of course, you can always travel from Adelaide to Darwin - it's just as impressive.
